I fell asleep the other night  
And saw a vision in the sky  
And I became afraid  
I woke up from my dream  
And recognized the scene  
When I stepped outside  
Our throne turned truth into doubt  
As truth wore its welcome out  
Among our kings  
Oh it's a bitter time to love  
And have faith in God above  
And sing this song

Cause we believe in love  
Yes we believe its enough  
To pull us through

When they burn our houses down  
And take everything we have  
Don't be alarmed  
Oh hen the angel sheds his skin  
To show the devil that he's been  
Don't be alarmed

Cause we believe in love  
Yes we believe that God's enough  
To pull us through

There's a possible escape  
If we don't fold in and break in half  
We'll make it through  
There's a bridge across the water  
And I've seen it with my own eyes  
Friend, we'll make it through

If we believe in love  
If we believe that it's enough  
To pull us through

Oh come on believe in love  
Oh come on believe it's enough  
To pull us through
