Close my eyes, truth is beautiful
So are lies falling from sweet lips
Thin disguise pulled me onto thinner ice
And I fell in

She said this will last forever
My love is the answer
She had me, she had me hanging
She said truth is what you make it
And everyone fakes it
Such a smooth and charming lie

Now I see past her fooling smile
Knew she'd leave, yet gave her everything
Please erase me from this memory
What was I thinking?
Oh, what was I thinking?
Oh, what was I thinking?

She said this will last forever
My love is the answer
She had me, she had me hanging
She said truth is what you make it
And everyone fakes it
Such a smooth and charming

She said we're going to the top
And I believed her
While everything I ever dreamed
Was going under
She said we're going to the top
Oh, she said we're going to the top

She said we're going to the top
And I believed her
While everything I ever dreamed
Was going under
She said we're going to the top
Oh, she said we're going to the top

She said this will last forever
My love is the answer

She had me, she had me hanging
She said truth is what you make it
And everybody fakes it
Your such a, your such a lie

Your such a lie
Your such a lie
