Love consigned, serpentine line
Uncoils before me
Tough luck turn on stop on a dime
For 'Princess ignore me'

And a love that never was
Is because of a fast and fleeting heart
And the one that's spoken of from above
Makes a fire from a spark

Somebody from a lifetime past
Could be the one you lay awake dreaming of
But in the act of getting her back
Don't think of what you wanted as being never enough

I know you by heart
I know you by name
I know you by touch in the pouring rain
I know you by now
I've known from the start
I know you by a whisper in my ear in the dark
I know you by heart

Fall from grace bandaged and laced
Thick skinned resilience
Tongue in cheek in fact I'm amazed
By your timely brilliance

And a love that never was
Is because of a fast and fleeting heart
And the one that's spoken of from above
Makes a fire from a spark

Somebody from a lifetime past
Could be the one you lay awake dreaming of
But in the act of getting her back
Don't think of what you wanted as being never enough

I know you by heart
I know you by name
I know you by touch in the pouring rain

I know you by now
I've known from the start
I know you by a whisper in my ear in the dark
I know you by heart

(Guitar solo)

I know you by heart
I know you by name
I know you by touch in the pouring rain
I know you by now
I've known from the start
I know you by a whisper in my ear in the dark
I know you by heart
(X2)

I know you by heart... know you by heart... yea...
