

Early November "Outside"

Visit "[Outside](#)" on MotoLyrics.com

It's time to go outside
I'm gonna be sick for a while
It's gonna be quite some time
If that's what we never had
We gotta get used to it
I'm glad to get used to it fast

Tell me what my name can mean
In the dictionary scene
Yeah that's like over 40 million sold
(Oh) we doing right
But why write when we can type
Computers get me psyched
They'll probably make us slaves in 40 years

And it's time to go outside
I'm gonna be sick for a while
It's gonna be quite some time
If that's what we never had
We gotta get used to it
I'm glad to get used to it fast

And throw the window through the door
We don't use this anymore
I'm not throwing stones
And it means the world to me
Oh three due in time
With the love of love gives life
Oh your heart it helps so much
When we're barely scraping by

It's time to go outside
I'm gonna be sick for a while
It's gonna be quite some time
If that's what we never had
We gotta get used to it
I'm glad to get used to it fast

Open [x4]
And it means the world to me

And it's time to go outside
I'm gonna be sick for a while
It's gonna be quite some time
If that's what we never had
We gotta get used to it
I'm glad to get used to it fast

It's time to (oooh)
If that's what we never had
We gotta get used to it
I'm glad to get used to it fast

And it's time to go outside
I'm gonna be sick for a while
It's gonna be quite some time
