Can I say I miss you for lack to obtain.  
Oh, just a few good reasons to keep this interesting,  
But again I lack in social skills.  
So can I say I need you for planning my next trip.  
Oh, on a guilt vacation.  
I feel sorry for it.

But again, it's not the first time, thought I was losing  
what was mine.  
I won't wait for a reason,  
I'm taking over and back what's mine.  
I won't wait forever.

Can I say I want you. it's a quarter to ten.  
For so many reasons, I hate to turn to this.

But again, it's not the first time, thought I was losing  
what was mine.  
I won't wait for a reason,  
I'm taking over and back what's mine.  
I won't wait forever.

But again, it's not the first time, thought I was losing  
what was mine.  
I won't wait for a reason,  
I'm taking over and back what's mine.  
I won't wait forever.
