When I see you walking along
All alone, all alone
When I think I'm holding your hand
All alone, all alone

I get so excited, I get so excited
I get so excited, gonna tell ya
Baby, baby, hold me, baby, baby
Baby, baby, hold me, baby, baby
Baby, baby, hold me, baby, baby
Baby, baby, hold me

I get so excited, I get so excited
I get so excited, gonna tell ya
Baby, baby, hold me, baby, baby, feel good
Baby, baby, hold me, baby, baby, closer
Baby, baby, hold me, baby, baby, closer
Baby, baby, hold me

When I feel your love comin' on - sweet love
Comin' on, comin' on
When I need somebody to love
Yes to love, yes to love

I get so excited, I get so excited
I get so excited, gonna tell ya
Baby, baby, hold me, feel good
Baby, baby, hold me, feel good
Baby, baby, hold me, closer
Baby, baby, hold me

I get so excited, I get so excited
I get so excited, I get so excited
