Look how  
time is passing right by us  
time can't even see us  
in this old cafe  
streets' lights  
crowds will never find us  
as i sit here and listen  
listen to you play  
and right now  
with a smile and a handshake  
i'm watching your heart break  
and music being born  
and somehow  
it is coming between us  
love can't even see us  
as the sun plays on  
cause i know  
there's a longing inside you  
and i'll stay here beside you  
when the music comes  
lights low

feel the magic unfolding  
and it's my hand you'll be holding  
when the silence falls
