Elizaveta Like Water Lyrics

Fool me again  
Tell the good story  
Cause when you pretend  
We'll have a happier ending  
I fall for it every time

We try to be friends  
Try to be lovers  
I've learn to bend  
With every movement you make  
But this twisting and turning has made me see that

You are like water  
I cannot hold you much longer  
You slip through my hands  
And I'm watching you trickle away

So tell me your lie  
This time I'll listen  
Then our goodbye  
Will be the obvious end of the lie  
So I want to say out loud that

You are like water  
I cannot hold you much longer  
You slip through my hands  
And I'm watching you trickle away

I used to be the one who stayed  
But now I'm done with this charade

You are like water  
I cannot hold you much longer  
You slip through my hands  
And I'm watching you trickle away

Just like water  
I cannot hold you much longer  
You slip through my hands  
And I'm watching you trickle away
