Spend most of my life looking down
And the view of the ground
Was the only one I knew
I've seen my life flash before my eyes
Too many times
And I don't know what to do
It feels like I have some doubt
That follows me around
So i'm always in the rain
I know i'm not the only one
Cause I am my father's son
And i'm caling out your name

Will you stand with me
Take me out of this rain
Will you walk by my side
And take all this pain
The days may seem longer
My heart will go stronger
With you, with you

Seems like the rain was falling from her face
Seems like the time has come again
Looks like her life was running out of place
Looks like her heart was broke again

She knows she's not the only one
That took a razor to her arm
But not this time, not this time
Cause she said

Will you stand with me
Take me out of this rain
Will you walk my by side
And take all this pain
The days may seem longer
My heart will go stronger
With you, with you

We were lost in the storm
We were waiting for your call
When we finally found the answer
