

Montgomery John Michael "Beer And Bones"

Visit "[Beer And Bones](#)" on MotoLyrics.com

I ain't nothin' but beer and bones,
Honey since I lost you
Ain't ate a bite since the night
That you said we're trough
Walked to that jukebox to play
A few sad country songs
Heard someone say, hey that ole boy
Ain't nothin' but beer and bones
I got to work this mornin early this afternoon
My boss man nudged me and said son,
I need to talk to you
You used to make me money
Lately I've been takin' a loss
He smelled my breath and gave me what was left
..of the day off

Chorus

I ain't nothin' but beer and bones,
Honey since I lost you
Ain't ate a bite since the night
That you said we're through
Walked to that jukebox to play
A few sad country songs
Heard someone say, hey that ole boy
Ain't nothin' but beer and bones
Well I wish I could go home and rest my weary head
But I know I'll just stay here
And have another beer instead
That little waitress asked me
Honey could you use some help
I said thank you miss I'll have to get through
..By my dame self
