I've never seen blue eyes filled with so much love  
I never thought I'd find what I found in your touch  
Someone up there must like me 'cause I'm  
Lookin' at the proof there's no doubt about it  
Heaven sent me you

Chorus:

Heaven sent you to make my life complete  
An angel from above to watch over me  
What makes it even better  
Is you feel the same way too  
There's no doubt about it Heaven sent me you  
Every moment that we share will live forever in my  
mind  
Every memory that we make  
Is sure to outlast time  
I know when I hold you close I'm holdin'  
Love that's true  
There's no doubt about it Heaven sent me you  
Repeat Chorus
