Boots in the stirrups out of the gate trying to hold the  
reins  
Praying that I can just sit tight, man this love is strange  
Up like a rocket spinning 'round like a top  
My strength is fading fast  
I should have known when I climbed on  
My next breath could be my last  
Chorus:  
Somedays I'm in the saddle  
Somedays I get thrown  
Somedays I hold on for dear life  
'Cause this love is sure 'nough just like a rodeo  
Eight short seconds last a long time  
My life flashes before my eyes  
Ain't never been bucked like this before  
But I thank you for the ride  
Repeat Chorus
