Alone at sea, close my eyes, I slip away, way up in the sky.  
And I play with the angels with my paper wings.  
Hook me a chain on the moon.  
I'll do anything, day or night, I'll tell you, I don't care  
Anytime, anyplace, go anywhere.  
Yeah, I'm a dreamer  
Lock me away, yes my body is yours  
But baby, you won't never keep me behind closed doors.  
And ya' may think I'm crazy, well, just maybe a touch.  
So you just use me, like we all need a crutch.  
And you've got yours, and I've got mine  
I step right behind the moon - suits me just fine.  
Paralyzed - I feel no pain  
Silver bullets numb my brain.  
I look at the future and what lies ahead  
The silver bullets have turned to lead.  
All the more I laugh, all the more I'm gonna cry.  
The more I live, the more I'm gonna die.
