### "Walk Away"

Hold your brath until you blow  
Don't breath in because they will know  
Just where you've been  
And where you're going  
Their inspection, stop ignoring

Why are you hiding from the sight?  
There is no winner in this fight  
They've been haunting all your life  
There's no need running through the night  
Stand up, wip away your tears  
You've been against the tide for years  
Don't surrender to this fray  
Just walk away

Now they think you're not that strong  
Your doors keep shut and prove them wrong  
You're soul they want  
To keep in bottled  
And throw it in the dark sea's bottom
