Take a break from life
Lay down by my side
Won't give you the knife
Or make you run and hide

I could teach you a way
To find yourself today
When the morrow comes
Won't you be ready?

Take this time
To ease your mind
Don't we all got troubles?
Ain't we all just fine?

Give your thoughts a rest
As we take off your dress
Just close your eyes
As I lay close by

I could teach you a way
To help us all today
When the morrow comes
Won't you be ready?

Take this time
To ease your mind
Don't we all got troubles?
Ain't we all just fine?

Don't we all got troubles?
Ain't we all just fine?

Don't we all got troubles?
Ain't we all just fine?
