[VERSE 1: Esau]

On the first seven days the Gods created the Heaven
and the Earth

But the second chapter of Genesis is contradictory to
the first

They created the watery Heaven and Earth, the night
and day

They separated Heaven and Earth, created land, then
vegetation

After that they created the sun, moon, stars, seas and
fish and birds, then animals

And to top it all off let us make man in our image, after
our likeness

And let him have dominion over everything that creeps
on the Earth

As a ruler he was first

When they were finished they picked a spokesman:

I have given you every plant yielding seed

In every tree put seed in its fruit

You shall have them for food

They didn't say anything about hamburger, hot dogs,
lamb chops

Bacon, cheese????, hamhocks, chicken peel or
barbeque

Now in the second chapter the Gods made Heaven,
then Earth

Then man, then vegetation, a straight contradiction of
the first

Yet he was placed in the Garden Even where the first
limitation was set

No eating from the tree of knowledge, disobedience
means death

Feeling man was lonely they brought forth ????,
animals and birds

But this didn't satisfy him for he was the first

So from his rib, so the story goes, the Gods brought
forth a companion for man

Called her woman, as a couple they were first

Now the serpent knowin truth about the tree

Coaxed the first sin to be committed by Eve

Who in turn coaxed Adam to cover they know the deed

When the Gods seen this they were very displeased

With no execution committed
The first contradiction and the first eviction by sendin
the couple east
Now the first couple became the first parents of the
first son
Who became the first murderer and the first refugee
Which creates the first question by man
The first person had a part in this first dysfunctional
family
Was Mrs. Kane the first daughter of the first person I
discussed in the Testament
And who were the people who would hold Kane and
Abel for the first dismemberment
Didn't it seem odd that God had to mark him for safety
And why were there people in the land of ??Nile??
If they weren't put there by the Gods

[CHORUS: The Insidious One]
From the first to the last days
From the first man to the last man
From the first birth to the first sin
To the first book a lie was written in
To the last page ????

[VERSE 2: Esau]
After decidin the first stage of their experiment was out
of order
The Gods felt apt to commit the first mass murder
But first they needed someone they could trust to
ensure their experiment would survive
And so the first mortal to become the God's first
lieutenant was chosen named Noah he was
On the first day of the first month of his 601st year
The first ship builder and the first zoo keeper
Solid ground was drowned on February 27th
The emerge of the first cruise ship, with the first
ordering
They committed the first extinction by makin the Gods
their first offering
After first promising Noah this wouldn't happen again
The Gods put the first rainbow in the sky as their
symbol of their word of men
They allow meat to be eaten for the first time
And Noah became the first known to ??? the soil, the
first person to make em drink wine
The world spoke one language, it was the first and only
time it was truly united
But the Gods weren't excited
Behold, they are one people, they have one language
This is only the beginning of what they will do
We must swing down, scatter and disunite, confuse

their crew

In the land of ??? there was the first great culture with
the first ???

They were undertaking a great project in a city and a
tower that was magnificent

The city was called Babel or Babylon in English

Because it was here that the Gods' plan came to get a
little disrupted and shit

Now the first person instructed to head to Kanaan was
a man named Abraham

First mentioned in the Bible as the man Abram

He and his nephew Lot split to Kanaan

When Lot ??? Sodom ??? Gomorrah in the valley of
the Jordan

Sodom was chosen to be destroyed by the Gods
because of its wicked ways

This is the first time in the Bible we have a mention of
gays

But Lot lived there so Abraham intervened
unsuccessfully

So Lot, his wife and his two daughters all had to flee

As they escaped Sodom Lot lost his wife and his
daughters lost their men

Becoming lonely and desperate they committed a
unthinkable sin

The daughters got their father drunk, laid down with
him one by one

And nine months later they both bore their own father's
son

Now Abraham married to his half sister had no sons, at
least not until he was 101

Then Sarah, half-sister wife bore him a child, a miracle
from the Gods

But they had a test for him to prove his obedience, now
this is the part that gets wild

They instructed Abraham to make the first human
sacrifice

With his only son Isaac but in reality it's just the first
with his wife

Sarah's servant Hagar had bore Abraham a son Ismael

The first adulterous affair mentioned in this twisted
holy tale

[CHORUS]

[VERSE 3: Esau]

Now I have taken you through the first half of the first
chapter

Of the first holy book and for the first time you see a lot
of the firsts in history

It's up to you and your self-education and your self-

discovery
And your self-spirituality to decide the integrity
Of this holy book and others like it
And people around you and the people who preach to
you and others about it
Make decisions for yourself don't have them inflicted
By the morals and the values of the secretively wicked
Discover the self truth about yourself, don't have your
friends and parents pick it
You'll soon discover that atheists are wrong, preachers
and ministers too
Everybody picked certain parts of everything to mold in
their truth
Live your life on the Earth based on your morals and
your own personal word
Before anyone can judge you you have to judge
yourself first
I don't need to come off anti-Christian, anti-religious, I
know I'm not the worst
People die everyday because of words and Bible verse
Think about what's forced in your mind by people who
censor words
Before anyone can understand you you have to
understand yourself first
