Ah just make a move
Do it now yeh you gotta
Just make a move, do it now
Y'know you gotta
[x2]

Ahah... if you agree
Ahah... now it should be
Ahah... don't play with me just do it, just do it
Ahah... I wanna know, how far you'll go
I'm impatient so just do it, just do it

I spy something with my little eye, I like it
I like something and I want it to be mine and
Really really want it (let's go)
Really really want it (let's go)
If you really really want it (let's go)
Tell mi so uh

Ahah... if you agree
Ahah... now it should be
Ahah... don't play with me just do it, just do it
Ahah... I wanna know, how far you'll go
I'm impatient so just do it, just do it

Maybe we can go away and do whatever
Endless possibilities once we're together
Really really want it (let's go)
Really really want it (let's go)
If you really really want it (let's go)
Tell me so uh

Ahah... if you agree
Ahah... now it should be
Ahah... don't play with me just do it, just do it
Ahah... I wanna know, how far you'll go
I'm impatient so just do it, just do it

Oh! do it uh uh
Let's go, right now

If you wanna really wanna let's go

You know we could leave everything behind
I'll be all you ever ask for
Baby I don't mind cause
Yes is my answeerrrrrrrr
Oh!

Ahah... if you agree
Ahah... now it should be
Ahah... don't play with me just do it, just do it
Ahah... I wanna know, how far you'll go
I'm impatient so just do it, just do it

Maybe we can go away and do whatever
Endless possibilities once we're together
Really really want it (let's go)
Really really want it (let's go)
If you really really want it (let's go)
Don't you play with me

Ahah... if you agree
Ahah... now it should be
Ahah... don't play with me just do it, just do it
Ahah... I wanna know, how far you'll go
I'm impatient so just do it, just do it

Ahah... if you agree
Ahah... now it should be
Ahah... don't play with me just do it, just do it
Ahah... I wanna know, how far you'll go
I'm impatient so just do it, just do it

Ahah... if you agree
Ahah... now it should be
Ahah... don't play with me just do it, just do it
Ahah... I wanna know, how far you'll go
I'm impatient so just do it, just do it
