(Intro)

Nothing compare's to you
nothing ever heard of
nothing ever ends

(First Verse)

This is the real thing
just you and me babe
crystal clear, it's a something to see thing and i
i know, i know, i know, i know that
i never had a bad time
this is a love thing, a keep it up thing
like a light from a start way above thing and i
i know, i know, i know , i know i
i feel it in the air , i swear

(chorus)

i never felt nothing like this
i love when we kiss and when you
put your lips on mine just kiss
and when i'm closing my eyes just
kiss, kiss me
oh oh your the answer to my wish
i love it when we kiss and when you
put your lips on mine just kiss
and when i'm closing my eyes just kiss
kiss, kiss me

(Second Verse)

it's like lightning, so exciting
and my heart and my soul are igniting
and its all over,over,over, me
flowing all trough my body
i'm so sure of it, i need more of it

baby you are the source and cure of it
and it's all over, over, over me
baby, baby i swear (i swear)

(chorus)

i never felt nothing like this
i love when we kiss and when you
put your lips on mine just kiss
and when i'm closing my eyes just
kiss, kiss me
oh oh your the answer to my wish
i love it when we kiss and when you
put your lips on mine just kiss
and when i'm closing my eyes just kiss
kiss, kiss me

(branch)
so kiss me, with your lips like candy
kiss me , your so sweet as candy
kiss me, like only you can, baby
thats how i know that it's right
thats how i know i made up my mind
and it's right there, right there
in your kiss, i swear

(chorus) x4

i never felt nothing like this
i love when we kiss and when you
put your lips on mine just kiss
and when i'm closing my eyes just
kiss, kiss me
oh oh your the answer to my wish
i love it when we kiss and when you
put your lips on mine just kiss
and when i'm closing my eyes just kiss
kiss, kiss me
