"Take All My Love"

I feel your love come over me like a wave in the sand
Saturate my body with each touch of your hand
And like a flame to candle wax I melt away, away
I feel your love come over me like a sweet summer
breeze
And like SWUV I'm weak in the knees
I'm begging, begging, baby, please, just stay (stay,
stay) Every wish you have, I'm at your command
Baby, all I have
Is all I wanna give
Take it, all of it
All my love, all my love
Baby, all I am
It's all for you alone
Take me, I'm your own
All my love, all my love I feel your love surrounding me
so entirely
Like a circle 300 and 60 degrees
So lock me up
and throw away the key, the key, the key
I love it when we intertwine
Your body fits perfectly with mine
Make me complete my missing puzzle piece Every wish
you have
Baby, it's my command, yeah, yeah
Baby, all I have
Is all I wanna give
Take it, all of it
All my love, all my love
Baby, all I am
Is all for you alone
Take it, it's your own
All my love, all my love, all my love How much I love
you
That words can't show
How to spend all my life
To give you more and more Baby, all I have
Is all I wanna give
Take it, all of it
All my love, all my love
Baby, all I am

It's all for you alone
Take it, I'm your own
All my love, all my love (repeat and fade)
