Song Length: (5:17)

Start, with the sun

And move on out

The future's in the skies above

The heavens unfold

And a new star is born

Space and time makin' love

Chorus:

Oh what a time we had

Living on the ground

I've moved to station #5

See you next time around,

Next time aournd

As far you want, as close as you need

It's all in the mind, you know

This old world hasn't really seen it's day

It's here, time to go

Chorus

Remember when it was so clear

We were young, but the memory still remains

To pick fruit from a tree

Fish from the seas

Now nothing's left here, but the stains

Well I can't cry no more

Can only be glad

There's other places we can be

If the time suits you right

I'm leaving tonight

Come fly away

With me!

Yeah, Yeah, Yeah, Yeah, Yeah

Oh, yeah

Start, with the sun

And move on out

The future's in the skies above

The heavens unfold

A new star is born

Space and time makin' love

Chorus

A good tune for the headphones! -TRH
