Jump, jump up and get down while we're kickin' it live,
mad shout outs to all of you, who made it possible like
you and your crew but every now and then, I can hear
the voices of those of you who think our choices are
wrong, you're feelin' like you don't at the show, can't
understand the way things swing, you know, wase your
mind and there is no need to worry, 'cause like The
Ernies, I know that you're kickin it live!!

If I could show you just what goes through my head...
Things change, that's how it is can you deal, with
things that you know are real, I'm always movin,
chargin, and rearranging, I'm sick and tired of those
who try containin me don't you see I'm in a state of flux
don't you know, it's got nothin to do with luck, but if you
wanna know what's up with us, we're still a bunch of
rude boys, causin a fuss while we're kickin it live!

If I could show you just what goes through my head...
There were a couple of girls who used to come to the
shows back when we used to jam every Wednesday at
the Zone they were skankin to the beat, I'm like "Hey, I
like your shirt" to the one who was up in my shit I guess
she was tryin to flirt she said "yo, you're like the
bosstones" I said "Hey, what's up with that?" we've got
our own thing going and we know it's where its at, now
every time I see 'em they're talking about we're
wannabe's, but they're the ones that are payin whether
they're wack when they come or what, see.....we're
kickin it live!

If I could show you just what goes through my head....
