Israel want to be free
Israel want to be free
From out of this bondage
Israel want to be free

It is a very, very, very, very long time now
You're under captivity
It is a very, very, very, very long time now
You're under captivity

East, west, north and the south
From kingdom to, to the river Nile one
Tell you Israel want to be free, oh Lord, oh Lord
Israel want to be free, oh Lord, oh lard

It is a very, very, very, very long time now
You're under captivity
It's a very, very, very, very long time now
You're under captivity

East, west, north and the south
From kingdom to, to the river Nile one
Tell you Israel want to be free, oh Lord, oh Lord
Israel want to be free, oh Lord, oh lard
