"The Ring"

Everybody getting married puts a ring upon finger
Everybody getting married puts a ring upon finger
Everybody getting married puts a ring upon finger
I said, the ring, the ring, upon finger

To get it is a problem, and to keep it is a bigger
problem
To get it is a problem, and to keep it is a bigger
problem
Because you marry today, and you divorce tomorrow
So I said the ring, the ring, is some upon finger

Samson was a Dread, and Delilah trim his head
Samson was a Dread, and Delilah trim his head
Say they they jump in, and they jump out
So I said the ring, the ring, is some upon finger
I said the ring, the ring, is some upon finger
