Things a get from bad to worse everyday  
Things a get from bad to worse everyday

We were all looking for a change  
But no changes seems to be made  
We were all looking for a change  
But no changes seems to be made

Things a get from bad to worse everyday  
Things a get from bad to worse everyday

You think you had it hard last year  
Well, you better tighten up your belt  
And dress appeal yourself  
For I, this I hear, my love, yeah

Things a get from bad to worse everyday  
You know, see, see  
Things a get from bad to worse everyday

You think you had it hard last year  
Well, you better tighten up your belt  
And dress appeal yourself  
For I, this I hear, my love, this I hear, my love  
This I hear, my love

You know, see, see  
You know, see, see  
You know, see, see
