stepped off a plane down in cabo  
just meaning to stay for a week  
ive got a funny sensation about this vacation  
the second the sand hit my feet  
the taxi driver took my two bags  
he saw me looking at my watch  
he said "you wont need that here cause time  
disappears"  
in paradise there aint no clocks

you got a lot to learn about living  
its a different world down here  
our biggest problem is deciding wut fish were fry'n  
does it go with tequilla or beer...

he dropped me off at the hotel...  
i took a u turn into the bar  
i sit down on a stool out by the pool  
next to a lady smoking a cuban cigar  
i ordered a drink and took out my cell phone  
i tried to make a call to l.a.  
dang thing wouldnt work... i started to curse  
bartenders said... i bet it can wait...  
you got a lot to learn about livin... its a different  
world down here..our biggest problem is  
deciding wut fish were fryin  
does it go with tequilla or beer ?  
i...i...i...change is in the air  
now i...i...i... aint got a care.....

6 months later, im driving a taxi...  
i got a hawaiian shirt and a tan  
pick up some guy in a brooks brothers tie  
say its time to loosen up man..

you got a lot to learn about livin... its a different  
kind of life down here..our biggest problem is  
deciding wut fish were fryin  
does it go with tequilla or beer ?

theres a lot to learn about livin... its a different  
life down here..our biggest problem is

deciding wut fish were fryin  
does it go with tequilla or beer ?
