I like the way you look  
In your new dress tonight  
I love it when you keep it tight  
To keep me comin'  
I know it every day  
That this was meant to be  
I'm never ever gonna let you down, 'cause

I'll stay forever  
Till we drop out together

I love your dirty look  
In my new picture book  
You like the way I kiss your lips  
To keep you comin'  
The secret mistery  
Of love will ever be  
I'm never ever gonna let you down, 'cause

I'll stay forever  
Till we drop out together  
And I will love you forever  
Till we drop out of here

And I'll stay forever  
Till we drop out together  
And I will love you forever  
Till we drop out of here

And I'll stay forever  
Till we drop out of here ...
