Locked inside your cage
You wait for better days
The crucial point you're searching for
It won't knock on your door
You've got to face the truth
You've got to be just you
You've got to tempt your fate right now

Now or never
Get together
Now or never
Stop hiding and show

Take a look around
Who's tryin' to hold you down
We've got to see the true colors
Before we hit the ground
You've got to face the truth
You've got to see it through
You've got to tempt you fate right now

Now or never
Get together
Now or never
Stop hiding and show

Oh, tell me what you're livin' for
So, tell me what you're waitin' for

Now or never
Get together
Now or never
Stop hiding and show

Now or never
Get together
Now or never
Stop hiding and show

Now or never
Now or never
Now or never

Stop hiding and show
