I'm so scared; cause along with this infection I will fear
rejection

She is all I ever wanted, and I'm not the one, the only
one

Through sheets you will teach and I will learn
I've always wanted you to know
Don't care even if these sheets did burn
I'm scared, full of fear, but aware and so, you need to
know.

I don't wanna be your lover, I just wanna be myself
You can hide between the covers, and taste the
bitterness you've given to me.

I don't wanna be your lover, I just wanna be myself
Why can't we just be together, and say this is how we
wanted to be?

I can't stand since the birth of this inception we've been
deemed a collection

You don't have to go on girl, cause I can feed your
appetite

Why can't you conceive this?

Through sheets you will teach and I will learn
I've always wanted you to know
Don't care even if these sheets did burn
I'm scared, full of fear, but aware and so, you need to
know.

I don't wanna be your lover, I just wanna be myself
You can hide between the covers, and taste the
bitterness you've given to me.

I don't wanna be your lover, I just wanna be myself
Why can't we just be together, and say this is how we
wanted to be?

All she's got, is all I need

All that she wants and all that she needs, she can't give
to me

All that she wants and all that she needs, all that she
wants and all that she needs

You can't taste these lips for free

I don't wanna be your lover, I just wanna be myself
You can hide between the covers, and taste the
bitterness you've given to me.

I don't wanna be your lover, I just wanna be myself
Why can't we just be together, and say this is how we
wanted to be?

I don't wanna be your lover, I just wanna be myself
Why can't we just be together, and say this is how we
wanted to be?

I don't wanna be your lover, I just wanna be myself
Why can't we just be together, and say this is how we
wanted to...
