Put That Gun Up To Your Head, Wont even Matter
'cause your already dead,
To me its like you don't even exist no more. When you
constantly lie to me theres no trust its all a fallacy, no
entry to my life as you try to knock down my door

[Chorus]

hope falls and i'm leaving u cant feel that burning in
my eyes. i'm fighting for this freedom. a lie calls for
hearts bleeding never talk to me and no more lies just
do this favor me when in doubt for me all you see and
all you do is go around and look like a fool to me its like
even exist no more cuz when u lie, i'll be here
waiting do u know that i'll be here and i will be here

[Chorus]

hope falls and i'm leaving u cant feel that burning in
my eyes. i'm fighting for this freedom. a lie calls for
hearts bleeding never talk to me and no more lies just
do this favor me when in doubt for me all you see and
all you do is go around and look like a fool to me its like
even exist no more cuz when u lie, i'll be here
waiting do u know that i'll be here and i will be here

open your heart and open your mind and emotions will
scream HEY! and i'll purchase lies that no one else
buys and i'll say do you even know how much this even
hurts and so feeling my flow is all you should know.
well you'll be faced with this reality, whats it to me?
because you be doin this to everyone and finally the
sum with be the break of somebody and i hope that you
know dont do it do it for show, spills lies finally you
open your eyes. and it finally shows now that u know
'cause i know that no one gets through life losing their
sight and so are these even the real reasons that your
attitude change like seasons

[Chorus]

hope falls and i'm leaving u cant feel that burning in
my eyes. i'm fighting for this freedom. a lie calls for
hearts bleeding never talk to me and no more lies just

do this favor me when in doubt for me all you see and
all you do is go around and look like a fool to me its like
even exist no more cuz when u lie, i'll be here
waiting do u know that i'll be here and i will be here
