Face to face, we've come from lands undone
We bend and twist this broke mess, yet to see the sun
And now soon you'll see the glory
And I'm proof of living dead

Destroy what you've built, give up the will (trust me,
cause so far I've stood strong. Trust me cause so
far I've stood tall. Just listen when I say)

[chorus]

This is how we live
This is what we breathe
And it's insulting to my face
It's something I'll take under my wing, I will fly until i
sing this free (Stop, surrender to fate)
A servant to your dreams, this blood will spill

Ruining your dreams that i despise, I will not strike til i
see the whites of your eyes
And only then you'll feel the fury
And I'm proof of living dead
Destroy what you've built, give up the will (trust me,
cause so far I've stood strong. Trust me cause so
far I've stood tall. Just listen when I say)

[chorus]

This is the one that is the answer to our lives
Look ahead and even if it never works
(I'll be) satisfied with every motion
And now I am sure I was right

[chorus]

Destroy what you've built, give up the will [x2]
