You look right at me and you say something,
It's more convincing to hear song birds sing.
You've got a lot to learn, can't mess with me.
Gave you a compass, now you're lost at sea.

It's heating up the tension, thick, so thick.
I'm like a wolf huffing down the bricks.
Two words, and I can let them burn and burn.
No time for this, you've got a lot to learn.

So I'm taking a stand,
It's your last second chance,
cause I am.

I am, one in a million. (I am)
I am, one in a million.
You can thank your lucky stars it'll fall to this part
Cause I am, (I am), one in a million,
One in a million.

The words infect me like a bad disease,
And now I'm sick cause you lied to me,
Call in a medic there's no turning back,
One single moment, and it all goes bad.

So I'm taking a stand,
It's your last second chance,
cause I am.

I am, one in a million. (I am)
I am, one in a million.
You can thank your lucky stars it'll fall to this part
Cause I am, (I am), one in a million,
One in a million.

I'm blown away, that you threw all away.
And I won't hear anything,
Won't you give me a reason?
I'm blown away, and now you owe me everything.
And if there's anything you owe me more...

Cause I'm one in a million.

I am one in a million.

I am, one in a million. (I am)

I am, one in a million.

You can thank your lucky stars it'll fall to this part

Cause I am, (I am), one in a million,

One in a million.

One in a million.

One in a million.
