Torture- of my crippled soul  
is the result  
of your spiteful words  
re-open, festering wounds

Betrayal (2x)

I cannot believe,  
the lengths to which you go to deceive  
Carrying the marks,  
of those you have scarred

Treachery is your game  
you think you have something to gain  
you cannot allow,  
those who get close to hurt you somehow  
You are alone  
All alone

Betrayal (2x)

You will pay  
for your sins,  
I will live,  
to see you suffer

That which is lost,  
sought to be regained,  
all those who got near,  
viciously betrayed

Now- you- are- all alone,  
no one will save you
