"Happiness"

We're so in love with fighting
That we're blocking out the lighting of the sun
There's no one left to lead us
We're a nation of retreaters, every one

I won't be afraid
I won't be afraid

Show me the light that You promised
Happiness comes through despair
Make it so bright
You kill the darkness everywhere

You've given me a reason
And You're surely gonna see me if I run
And when I wanna quit it
Well You won't let me forget it 'till it's done

I won't be afraid
I won't be afraid

Show me the light that You promised
Happiness comes through despair
Make it so bright
You kill the darkness everywhere

Now that I've found my tune, help me to sing it through
And not be drawn away
And if I should be let down by one of those standing
'round
I will not turn away

I won't be afraid
I won't be afraid

Show me the light that You promised
Happiness comes through despair
Make it so bright
You kill the darkness everywhere

Show me the light that You promised
Happiness comes through despair

Make it so bright
You kill the darkness everywhere
