"I've Been Wrong"

I've been wrong from the beginning
I've been wrong from the beginning
If you've been losing while I've been winning
Then I've been wrong from the beginning

I sit by the river, I've got my feet in the water
I feel about a dollar like I feel about a daughter
If I've been laughing while you've been crying
Then I've been wrong from the beginning

I got a house on the border, I got shoes made of
leather
I got a robe made of velvet, I got a bed made of
feather
If you've been freezing while I've been sleeping
Then I've been wrong and for that I'm weeping

If you've been freezing while I've been sleeping
Then I've been wrong and for that I'm changing
