Got the kind of face everybody knows  
Run around barefoot when it snows  
Growin' out your hair 'cause you like it long  
Fighting in the road 'cause you know it's wrong

People got a thing for the dangerous  
You'll find it inside the best of us  
Taking what they want like it's owed to them  
Some of us do the best we can, some of us do the best  
we can

Brothers, Brothers  
Everybody's speaking in tongues, we gotta speak in  
love  
Brothers, Brothers  
Everybody's speaking in tongues, we gotta speak in  
love

Never met a man, said he did not try  
Running from the truth time again in life  
You can be the poor one, rich or wise  
Everybody knows 'bout sacrifice

So put me in the water, put me in the fire  
Put me in the world and I'll walk that wire  
Seen the people come and I've seen them go  
Talk all day but it's what they show, talk all day but it's  
what you show

Brothers, Brothers  
Everybody's speaking in tongues, we gotta speak in  
love  
Brothers, Brothers  
Everybody's speaking in tongues, we gotta speak in  
love

People got a thing for the dangerous  
You'll find it inside the best of us  
Taking what they want like it's owed to them  
Some of us do the best we can

Put me in the water, put me in the fire

Put me in the world and I'll walk that wire  
Seen the people come and I've seen them go  
Talk all day but it's what they show

Brothers, Brothers  
Everybody's speaking in tongues, we gotta speak in  
love  
Brothers, Brothers  
Everybody's speaking in tongues, we gotta speak in  
love, love, love
