There's a new place in LA  
I go there everyday  
It's The Getty (It's The Getty)

Outside it's quite clean  
But inside it's obscene  
Is The Getty (Is The Getty)

They've got pictures fresh from France  
Of girls without their pants  
In The Getty (In The Getty)

The Greek boys they've got there  
Aren't wearing underwear  
In The Getty (In The Getty)

There's a wonderful Van Gough  
Which cost a lot of dough  
In The Getty  
Sixty million bucks

There's things you've never seen  
Outside of a wet dream  
In The Getty

There's a Greek boy there whose ass  
Is made of solid brass  
In The Getty (In The Getty)

And the air conditioning  
Has shrunk his little thing  
In The Getty (In The Getty)

They've got loads of modern things  
Like paintings just of strings  
Of spaghetti (Of spaghetti)

But largely it's quite rude  
Lots of girlies in the nude  
Make me sweaty (Make me sweaty)

So just come alive  
And take the 4:05  
To the Getty

It's absolutely free

They've got everything  
They even let me sing  
In The Getty

So just come alive  
And take the 4:05  
To the Getty

It's absolutely free

Modern art today  
Is just a load of T&A  
In The Getty
