I like Traffic lights (3x)
No matter where they've been
I like Traffic Lights (5x)
But only when they're green
He likes traffic lights(3x)
No matter where they've been
He likes traffic lights(3x)
But only when they're green.
I like traffic lights (3x)
That is what I said
I like traffic lights (3x)
But not when they are red.
He likes traffic lights(3x)
That is what He said
He likes traffic lights(5x)
But not when they are red.
I like traffic lights (3x)
Although my name's not Vamba
I like traffic lights(3x)
I...oh god
