Ask not why the mountains rise  
Or why the sky is blue  
Ask not for whom the willow weeps my love  
It weeps for you  
Ask not where the river flows  
Sweetheart, it's plain to see  
And when the flowers all grow up  
It's you they want to be

North star shines to find you  
And bring you to her side

Trade winds blow to guide you  
Across the ocean wide

Cause all the world's in love with you  
Heaven longs to draw you nigh  
Yes, all the world's in love with you  
All the world and I
