I see a candlelight down in the little green valley
Where Morning Glory vines are twining around my door
Oh, how I wish I was there again down in the little green valley
For then my homesick heart will trouble me no more

There's only one thing ever brings me consolation
And that's the dream that I'll be going back someday
And every night down upon my knees
I pray the Lord to please take me
Back to that little old green valley far away

I see a candlelight down in the little green valley
Where Morning Glory vines are twining around my door

Oh, how I wish I was there again down in the little green valley
For then my homesick heart will trouble me no more

There's only one thing ever brings me consolation
And that's the dream that I'll be going back someday
And every night down upon my knees
I pray the Lord to please take me
Back to that little old green valley far away
