Standing I'm standing by the river deep and wide and  
I'm gazing I'm gazing cross the mighty raging tide and  
I'm standing I'm standing by the river by the river trying  
to get a glimpse of what's over on the other side other  
side

Standing on the banks of the river looking beyond I'm  
looking beyond. Standing on the banks of the river  
looking for my home looking for my home. Just to get a  
glimpse of that Jesus and that home up there on high.  
Looking for the light of my savior up in the sky.

Standing I'm standing by the river deep and wide and  
I'm gazing I'm gazing cross the mighty raging tide and  
I'm standing I'm standing by the river by the river trying  
to get a glimpse of what's over on the other side other  
side

Standing there waiting for the boat man ready to go I'm  
ready to go. Standing there waiting for the boat man on  
that shore on that shore. Just to get a glimpse of that  
city and behold my savior there. Living on forever I'll be  
in my saviors care.

I was standing of the banks when I saw that old ship  
take my mamma home. I was standing on the banks  
when daddy crossed the river and left me all alone.  
Now I'm standing on the banks waiting for a ride to  
Heaven's golden shore and I'm trying to get a glimpse  
of what's on the other side.

Standing I'm standing by the river deep and wide and  
I'm gazing I'm gazing cross the mighty raging tide and  
I'm standing I'm standing by the river by the river trying  
to get a glimpse of what's over on the other side other  
side

Trying to get a glimpse of what's over on the other  
Trying to get a glimpse of what's over on the other  
Trying to get a glimpse of what's over on the other  
Trying to get a glimpse of what's over on the other side

Standing I'm standing by the river deep and wide and  
I'm gazing I'm gazing cross the mighty raging tide and  
I'm standing I'm standing by the river by the river trying  
to get a glimpse of what's over on the other side other  
side

Standing I'm standing by the river deep and wide and  
I'm gazing I'm gazing cross the mighty raging tide and  
I'm standing I'm standing by the river by the river trying  
to get a glimpse of what's over on the other trying to  
get a glimpse of what's over trying to get a glimpse of  
what's over on the other side other side.
