To the man on the brink of despair
Are you feeling like nobody cares

To the woman at the well of regret
Searching for love that you haven't found yet
Reliving hurt that you just can't forget
But hold on, be strong 'cause it won't be long

'Til we

CHORUS

until we Fly away, you will know joy I pray
God will rain down sweet grace
until we fly away, until we fly away

To the child with the prodigal heart
Don't you ever think that you've gone too far
Disillusioned from innocence lost
Nursing the wounds from the battles you've fought
But there is still hope at the foot of the Cross
So hold on (hold on), and be strong (be strong), it won't be long

'Til we

CHORUS

Here in this world we will have tribulation
But God is in control, He won't let you go
He'll carry you
'Til we

Can someone translate this song for me because am thinking of singing this song with a group at a romanian convention....
