Make me the captain of your pirate ship,
Paint all the clouds the colour of No,
Drift on the warm wind of your secret world,
Hang on to you starstream,
Make the sun re-appear,
Make the dark disappear
From my night sky.
Fly away -
Fly away -
Carry me,
Carry me.

Show me your island of a thousand names
Washed by the tide of time gone by.
High on your mountain we can share the view.
There for a short while,
In the corner of an eye,
Is a dream passing by
In my night sky.
Fly away.
Fly away.

Carry me,
Carry me.

Would you believe me,
Would you believe me when I tell you?
Would you believe me,
Would you believe me when I tell you
All the dreams you found are mine?

Carry me.
Still is the new day as the dawn unfolds,
Gone is the white horse that carried us home.
Lost to the morning all your deepest fears,
Watched over safely
By the words of a prayer
And the love that we share
Fly away.
Fly away.

Carry me -
Carry me -
