My life is not as easy as you say
My life is not anything but as the day
My life is surrounded by the things of the day that have
gone
My world is built on everything that I want can be won
(one?)

Gimme' a little somethin' to help me on my way
Gimme' a little somethin' to help me on my way

(Love) (Love)

My heart is not as cold as you can say
My heart is not anything but as the day
My heart is warmed by the way that you love and are
gone
My life is founded on the thoughts that we two are just
one

Gimme' a little somethin' to help me on my way
Gimme' a little somethin' to help me on my way

(Love) (Love)

Gimme' a little somethin' to help me on my way
Gimme' a little somethin' to help me on my way
Gimme' a little somethin' to help me on my way
