Never put him down if he's not right
Every man has time to see the light
If he's cool about it
He could win
There's no doubt about it
He'll be in
He can win

He's trying hard to be so nice
Everybody goofs it once or twice
But I'll make a bet that he can win
Everything you get, yeah, he'll be in
He can win

I tell ya
What he's gonna do
Cos I know,
Cos it's me
He's out to win respect from you
So you show him that you please

He knows where it's at but give him time
He never lets his manners rule his mind
Every morning [?] he can win
He'll be in the lead and he'll be in
He can win

Give him all he needs and he can win
He'll be in the lead and he'll be in
He can win

I tell ya
What he's gonna do
Cos I know,
Cos it's me!
He's out to get respect from you
So you show him that you please

Never put him down if he's not right
Every man has time to see the light
If he's cool about it
He could win in

There's no doubt about it
He'll be in
He can win
