I see it all through my window it seems  
Never failing, like millions of bees  
All that is wrong  
No time will be won  
All they need to do  
What can be done

Peak hour  
Peak hour  
Peak hour

{Refrain}:  
Minds are subject  
To what should be done  
Problem solved, time cannot be won  
One hour a day  
One hour at night  
Sees crowds of people  
All meant for flight  
Peak hour  
Peak hour  
Peak hour

It makes me want  
To run out and tell them  
They've got time  
Take a step back out  
And look in at their debt  
And their time

{Refrain}

Peak hour  
Peak hour  
Peak hour
