I've been thinking  
The way people do  
'Bout the things that matter  
To me and you  
I've decided  
To do what I can  
And to find the kind of man  
I really am  
I can see the world from here  
And it sometimes makes me  
Want to disappear  
Back to nature  
That's where we belong  
And with just one truth I've found  
You can't go wrong  
Wherever you go  
Whatever you do  
Whatever you say  
Say, say, say  
Say it with love.

I remember  
A long time ago  
When I heard those guitars  
That I worship so  
I was captured  
I wanted to stay  
And to hear that kind of music  
Everyday  
Heard the songs

Around the world  
Saw the smiling faces  
On the boys and girls  
I was destined  
To play come what may  
And there's just one thing  
I knew I had to say  
Wherever you go  
Whatever you do  
Whatever you say  
Say, say, say

Say it with love.

Underneath  
A sea of doubt  
There's a million voices shouting  
Let me out, let me out  
When we go  
We never return  
'Cos there's just one lesson  
That we got to learn  
Wherever you go  
Whatever you do  
Whatever you say  
Say, say, say  
Say it with love  
Say it with love  
Say it with love  
Say it with love  
Say it with love.
