#### Verse 1

I'm underneath the falling bridge I built  
I can't breathe, my soul is filled with guilt  
You and i shattered into pieces, I can't find a reason  
why

#### Pre Chorus

Where do I go from here?

#### Chorus

Why is it so hard to live with our mistakes  
We can't hide from the truth  
Cause I'm dying inside and that is all it takes  
For me to hold on to you

#### Verse 2

My only pain is growing in between my better days  
You are all I need  
Take me away from all this terror  
Am I lost forever? Save me

#### Pre Chorus

Where do I go from here?

#### Chorus

Why is it so hard to live with our mistakes  
We can't hide from the truth  
Cause I'm dying inside and that is all it takes  
For me to hold on to you

#### Bridge

I'm underneath the falling bridge I built  
I can't breathe  
I'm filled guilt

#### Chorus x2
