It's not hard to say goodbye
When you're walking alone
You've left them all behind now
And nobody knows
We're still traveling together
Even though you're gone
Hold my hand you'll come back to me before long
Oh lights are flashing in your eyes
Oh you could never compromise a good time
Well the calendars are waiting for your next surprise
You could put it all behind you
If you'd only try try to be afraid
It's OK you can let it go
Last night is behind us
Everybody knows
Oh lights are flashing in your eyes
Oh you could never compromise
