"How To Say Goodbye"

Now that I can see
I don't know what I'm looking for.
Since you've been with me
I wonder is there anymore.
But when I look you in the eye
I don't know how to say goodbye.
If we have come undone
From all that we have built upon,
My heart must be fond
Of even feelings that are gone.
Cos when I look you in the eye
I don't know how to say goodbye.
Now that you are free from all your pain and suffering
You've gone so easily from nothing into everything.
And when I look you in the eye
I don't know how to say goodbye.
I see you there staring back alone,
Your face is knocked out.
And anyone can tell it's over
But I know it isn't yet.
Cos when I look you in the eye
It's then I know I have to try.
