

Fray "Dead Wrong"

If only I knew what I know
I'd make it a point to say so
To everyone that got me here
And everyone that made it

Clear I was dead wrong all along
You said it for my sake
That I would not lose my way
When I was astray

I'm doing the best that I could
Trying my best to be understood
Maybe I'm changing slowly
I'd get out turn around if only I

Knew I was dead wrong all along
You said it for my sake
That I would not lose my way
When I was dead wrong all along

Mine is not a new story
Mine is not a new story
Mine is nothing new but it is for me

So I was dead wrong all along
You said it for my sake
You thought I'd lost my way
When I was dead wrong all along

You said it for my sake
That I would not lose my way
Did I really lose my way
Or are you afraid?
